		1
		2
s	3. A strong, safe and healthy community by encouraging people to drive within speed limits near the village centre	
	4. A cared for environment by creating an attractive entrance to the village	
	2. A thriving economy by creating an attractive area in the centre of our High Street encouraging visitors	
	4. A cared for environment through protection of biodiversity	
	4. A cared for environment by continuing to protect and improve one of our most important natural environments close to the centre of the village.	
	A strong, safe and healthy community able to shade from the sun while enjoying the play area.
